Gaelscoil Riada

Rationale

Maintaining an online presence is vital for schools, not only in terms of keeping the school community up to date with what's happening in the school, but also in terms of attracting potential enrolment. Having a school website is an essential part of this, but web users must specifically visit the school website regularly to receive the information. Gaelscoil Riada recognises that teachers and parents engage with social media. It is through these various social media platforms that people connect and share information. The use of social media applications bring opportunities to understand, engage and communicate with audiences in new ways. By having a Facebook page/Instagram account, the school is feeding school information, news and notices directly into the personal news feeds of parents and the wider school community.

Aims

The purpose of having a school Facebook page/Instagram account is as follows:

- to continue to advance our school communication system with information shared via Facebook/Instagram, along with the existing methods of text messages, email, Databiz Eolas App and the school website.
- to publicise school events, and increase awareness about the school.
- to announce any updated information that appears on our website via Facebook/Instagram
- to highlight positive school achievements in a forum where they can be shared by the school community.
- to make school announcements.
- to use Facebook/Instagram as a means of marketing the school to a wider audience;
- to engage the wider community that Gaelscoil Riada serves
- to facilitate communication and networking opportunities between parents, especially new or prospective parents.

Social media administrator

A designated member of staff will act as social media administrator, alongside the school principal. The school's social media pages will always be active and will be monitored regularly by the administrator and school principal.

In addition, the administrator will have the following responsibilities:

- coordination of the publication of posts on school social media accounts in conjunction with other staff members.
- ensuring that the school has permission to post images, videos, links, other resources.

Only posts from the administrators will be published on the school's social media pages.

Users will be able to comment on posts made by the page administrators. Posts made by users will be managed using the guidelines below.

Administrators will be responsible for deleting any content that contravenes these guidelines.

Community responsibilities

By posting comments on the Gaelscoil Riada's Facebook Page/Instagram, account users are agreeing to adhere to the following principles.
